Dimitri Katchis Studios

The following pages
are focused on the bridal preparations
and bridal portraiture.
No one takes more care in their work,
to guarantee each and every bride
looks and feels
truly beautiful.

No one takes wedding photos like these in Cyprus.

We say this with confidence, pride
and a great deal of personal satisfaction

And what's most important.....our couples agree!

See for yourself

The images we take vary but each is chosen for it's emotional content. Then each and every image is meticulously edited to achieve it's fullest visual potential. Nothing we shoot is just a picture. Each image is it's own little piece of the couples love story. Each is a Treasure.

TOTAL ROMANCE

Aphrodite Hills Resort

Paphos Castle, Paphos Harbour

A romantic photograph of a bride and groom embracing in a field at sunset. The bride is wearing a white lace wedding dress with a sparkling belt and a large, ornate hairpiece. The groom is wearing a white shirt, a dark vest, and a tie. They are both smiling and looking at each other. The background is a vast field of tall grass under a soft, golden sky.

A close-up photograph of a bouquet of flowers, including a large pink peony and several white roses, arranged in a light-colored, quilted basket. The basket is decorated with a beaded border. The background is a blurred outdoor pool area with people and lounge chairs.

Yes it's great fun

The big boys are having so
much more fun than me!

A young girl with long blonde hair, wearing a white flower hair accessory, is captured from the side as she takes a photograph with a purple and black camera. She is seated at a table with a white tablecloth, and the background is softly blurred, showing other guests and tables. The overall atmosphere is warm and intimate.

Dining, Speeches, and lots of Dancing

Here's where we melt into the background. You'll probably forget we're even there. Our party images are heart warming and natural; so many precious little moments of love and laughter to be saved and cherished.
